WESTERN COUNTRY IS ONE  
SEETHING MASS OF FLAMES

### HORROR ON THE INCREASE

Reported They are of Incendiary Origin—  
In—More Troops Being Rushed  
to Aid in Fighting Fires.

(BY ASSOCIATED PRESS.)

Spokane, Aug. 22.—Reports from the forest fires in northern Idaho and western Montana increase the toll of dead hourly.

The latest figures from Wallace are that forty-five are dead in that vicinity and half the town destroyed.

In the hills near Sand Point, Idaho, sixty-five firefighters are surrounded by fire and in danger of perishing. Thousands of acres in the affected territory have been swept by fire and hundreds of refugees are crowding into the larger towns.

Seven hundred from Wallace arrived in Spokane today. Among the known dead at Wallace is Harry Anson of Inland, Wis.

Most Discouraging.

Missoula, Mont., Aug. 22.—The general fire situation in this district is still discouraging. No word can be obtained from any points on the Coast-to-coast line further west than Strogg, which has been deserted.

Many Burned.

Ellensburg, Wash., Aug. 22.—One hundred and thirty-eight firefighters are reported burned to death at Avery, Idaho by fires which destroyed that town last night.

Fifty Miles Long.

Spokane, Wash., Aug. 22.—There is a line of forest fires fifty miles long from the Idaho line east into Montana. Five trains of refugees reached Spokane today and the Missoula hospitals are crowded with injured. The injured in the fire zone number many hundreds.

At Missoula two thousand refugees are being quartered and it is impossible to care for more. Many are permanently blind as a result of the heat. Many reached Missoula almost naked and the supplies of medicine for burns has given out.

To Send Troops.

Washington, Aug. 22.—The forest service has positive evidence that many fires in Oregon are of incendiary origin. The war department is preparing to send more troops to fight the fires in the forests of the far west.

Superior, Wis., Aug. 22.—The city is so dark with smoke from the western forest fires that it was necessary to-day to use lights in houses.

Burn Burning.

Spokane, Aug. 22.—It is reported that the town of Burley is in flames and certain of destruction. The three hundred residents of Burley are in flight toward Wallace.

Moved Hospital.

Missoula, Aug. 22.—Nine sisters and forty-two patients from the Providence Hospital at Wallace arrived and are being cared for here.

San Francisco, Aug. 22.—The Alaska Pacific Steamship company's liner, Buchanan, was held up at sea off the coast today by two passengers, Capt. Wood was shot and killed by one of the men while resisting. The second man was overpowered by the engine room crew. Fred Thomas, who it is alleged, shot the captain, jumped overboard with life preservers.

London, Aug. 22.—The defense of Dr. Crippen is outlined as follows: The claim will be that it is impossible to prove the fragments of flesh found in the London basement were part of the body of a woman. Crippen's flight, the defense says, is the only evidence against him of conscience and the defense says that was natural, even if he were innocent, in view of the efforts of the police to connect him with the case.

Beloit, Aug. 22.—Dr. Henry Burton, a graduate of Beloit college in its early days, who wrote the jubilee ode for the Queen Victoria jubilee in 1887, has retired from his pastorate in England, where he served forty-eight years. He was originally a Rock county farmer's son.

## MILWAUKEE MURDER TEACHES A LESSON

Father Urged Daughter Not to Wed  
Man Who Shot Her Down Sun-  
day Afternoon.

(BY ASSOCIATED PRESS.)

Milwaukee, Aug. 22.—Henry Warner of Green Bay, who last night killed his wife, a former Fond du Lac girl, and put a bullet in his own brain, is still alive this morning, but an X-ray examination shows that he will probably not live out the day.

Ultimate recovery is impossible. "Girls, obey our fathers, the law says the man is best for you to marry." That is the solemn moral drawn from the murder by Peter Schmeckel, the father of the murdered young woman, when he was old of the crime. "The father knows the real man. The girl only sees the young fellow when he is dressed up and behaving like a boy. The father knows whether the fellow is really a drunken hum or a hard-working boy. I told her he would not work, that he drank. But my girl, she thought she knew better than her old man. No girl ever reformed a man by marrying him. Men promise to reform, but when they get the girl they forget it."

**GREAT MARVELS  
OF THE KINGDOM**  
HEAVENLY MYSTERIES TOLD OF  
BY ARCHDEACON WILLMANN.  
**SACRIFICE, THE OFFERING**  
And the Holy Communion Are the  
Ways in Which Christ Makes  
Atonement for Sins of  
People.  
The sacrifice of Jesus in dying on  
the Cross, his high-priesthood in  
offering this same sacrifice to God for  
the redemption of men, and how His  
blood is communicated to men through  
the communion service, were the three  
parts of a sermon delivered by Arch-  
deacon Willmann yesterday morning at  
Trinity Episcopal church. His text  
was taken from the nineteenth verse  
of the first chapter of the first epistle  
of St. Peter: "But with the precious  
blood of Christ, as a lamb without  
blemish and without spot."  
"Let us consider," said Rev. Will-  
mann, "three great mysteries of the  
Kingdom of Heaven, all related to our  
eternal salvation.  
"The first is the blood of Christ. His  
own very blood, a mystery? If you  
had not heard the story before, would  
you not be inclined to doubt it? That  
the Eternal Son of God should take  
upon himself the nature of man  
and after living among men, sacrifice  
himself for our sins, a sacrifice in  
blood and death on the Cross for all,  
is so deep a mystery that it will serve  
to fill our souls with gratitude and  
wonder.  
"For who are we that the Son of  
God should be slain on the Cross?  
Lift up your eyes and behold the  
Cross on Mount Calvary, and see the  
Lord God pouring out his life blood  
for you. Behold the slaying of our  
great atoning sacrifice for the sins of  
the whole world.  
"The second of these mysteries is  
that blood of the Lamb is not only  
poured out but offered for us by our  
Great High Priest to the Father.  
Between the sacrifice and the offer-  
ing there is a distinction. The slay-  
ing of the sacrifice is one action, but  
the offering of that sacrifice is another  
action and one that must be con-  
tinued. On the Cross the slaying of  
the Lord was a sacrifice once for all.  
Now the Great Lord has gone before  
to present before the mercy seat that  
one sacrifice of himself to intercede  
for us. This continual ministry of  
the Lord was strikingly carried out  
in the Jewish church on Atonement  
Day.  
"Our true High Priest fulfills the  
ancient type. He has now entered  
the veil of the inner Temple and is  
offering the blood of the sacrifice even  
as His own precious blood. That  
blood, which once was shed on earth  
continually pleads for us in heaven.  
We must never lose sight of this  
truth.  
"One more mystery of the Cross and  
the precious blood of Christ let us  
call to mind for the question that con-  
cerns us still remains. Not only is  
the blood offered for us, but in an-  
other profound mystery the precious  
blood of Christ is communicated to  
us in the Holy Communion. Our  
Lord's own words at the holy banquet  
are: "Drink ye all of it; for this is  
My blood of the new testament, which  
is shed for many for the remission  
of sins."  
In this holy sacrament we take and  
receive the body and the blood of  
Christ. Here the precious blood of  
Christ is verily communicated to us.  
In faith we must drink of the blood,  
else we have no life in us. Pray for  
God's holy spirit that may enable you  
to believe.  
**SPLENDID SERVICES  
AT HOWARD CHAPEL**  
Work of Evangelist and Mrs. E. P.  
Mankovsky Very Encouraging in  
its Results.  
The Evangelistic services under  
the leadership of Rev. E. P. Mankovsky  
and wife of Berlin, Wis., are very  
encouraging. The service of Satur-  
day evening was an excellent prepara-  
tion for the Sabbath. The attendance  
Sunday afternoon was very good.  
The sermon by Rev. Mankovsky  
was filled up with strong terse state-  
ments of the fundamental doctrines  
of Christianity as they stand related  
to the higher Christian life. The  
male quartet of the Y. M. C. A. were  
present and rendered two very fine  
selections.  
Mrs. Mankovsky, as leader of music,  
is a very able assistant to her hus-  
band both in song and devotion. We  
trust the meetings of the entire  
week at 7:30 p. m. will be well suc-  
cessful. Mr. and Mrs. Mankovsky are  
very pleasantly entertained at the  
home of Mr. and Mrs. Stokes on  
North street.

Sodium Phosphate is a liver stim-  
ulant. It increases the flow of bile  
which is necessary to the proper di-  
gestion of food. Bile also stimulates  
bowel action. A good many forms  
of indigestion and constipation are  
promptly relieved by a few doses of  
Effervescent Sodium Phosphate tak-  
en before breakfast each morning.  
Jaundice or yellow skin, headache,  
dizziness, sour stomach, and other  
complaints can be traced to the liver.  
Stimulate the liver and the trouble is  
gone. Sodium Phosphate that has  
always been sold at 50c a bottle for

**MAXFIELD ATTACKS  
NEW GAS SCHEDULE**  
Will Ask Council Tonight For Author-  
ity to File Another Complaint  
With Rate Commission.  
City Attorney H. L. Maxfield has  
filed with City Clerk Roy Cummings  
a communication to the common coun-  
cil asking for authority to file with  
the railroad commission at Madison a  
complaint against the New Gas Light  
Co.'s revised schedule of rates. He  
alleges that the minimum of 25 cents  
per month has been established in  
violation of Section 1757-M-105 of the  
statutes which provides that unless  
the commission shall otherwise order,  
it is unlawful for any public utility to  
collect a greater compensation for any  
service on April 1, 1927. The city  
attorney communicated with the sec-  
retary of the commission by telephone  
and ascertained that no exception  
had been made in favor of the local  
concern. Mr. Maxfield claims that  
investigation will show that the new  
schedule will in effect, really bring about  
no appreciable reduction in the cost of  
gas to the average consumer. The  
communication will come up before  
the common council for consideration  
this evening. Whether or not it gets  
past the "star chamber" remains to  
be seen.  
It is hardly likely that a discomen-  
of the long delay in the paving work  
on South Main street can be avoided,  
though it is difficult to see how any  
definite good can come from it. The  
patience of residents along that thor-  
oughfare is worn to a frazzle, but the  
Galesburg brick concern cannot seem  
to furnish the material and the con-  
tractors are helpless in the matter.

**MONROE METHODIST  
PASTOR TO RETURN**  
Rev. W. W. Moore Elected by Board  
of Trustees to Continue His  
Own Good Work.  
[Special to the Gazette.]  
Monroe, Wis., August 22.—Rev. W.  
W. Moore, pastor of the Methodist  
Episcopal church here, was elected  
unanimously by the board of trustees  
to return to his pastorate here for  
another year. The officials were  
greatly pleased with his work here for  
a year just ending and tendered him  
a warm appreciation of his services.  
"The condition of the affairs of the  
church show that it is in better con-  
dition than it has been in for years  
and it is expected that the church re-  
port will show up the best in the dis-  
trict."  
"The Sunday school now has an en-  
rollment of 150, a splendid showing in  
comparison to many other churches of  
the size of Monroe."  
**Hand Burned.**  
Carl Ruff met with a painful injury  
while blowing out the torch on his  
pump wagon on the south side of  
the square. As he blew it out from  
the torch ran out and scattered over  
his hand which was badly  
burned. It will be some time before  
he will be able to use his hand.  
**Cornice Knocked Off.**  
The top of the brick cornice of the  
building occupied by James Thorpe's  
saloon was knocked off by lightning  
during a severe electrical storm, the  
which visited this section. T. D.  
Remington and Simon Orlowski were  
in the building upstairs at the time  
but were not affected by the bolt.  
All of the telephones were  
burned out on the west side of the  
square at the same time.  
Three barrels, a hay shed and two  
corn cribs were destroyed in the fire  
on the farm farm a mile and one-half  
south of Monroe, which started in  
smoldering hay in one of the barns.  
The loss was partially insured.  
**W. C. T. U. Officers.**  
The W. C. T. U. at their annual  
election appointed Mrs. Sophia Car-  
dine to the office of president for the  
ensuing year. Mrs. Elizabeth Booth  
is vice president; Miss Minnie Mc-  
Cament, recording secretary; Mrs.  
Rose Mackey, corresponding secre-  
tary; and Mrs. Ida Klester, treasurer.  
The annual picnic of the union will  
be held on Sept. 1, in Lincoln Park.  
All members and friends in the coun-  
ty are extended a cordial invitation.  
Mr. and Mrs. Harvey Clawson, who  
were called here by the death of Mr.  
Clawson's father, P. J. Clawson, started  
today for their home in New York City.  
Mrs. E. E. Atherton and John Ath-  
erton of Albany, were Sunday guests  
of O. H. Atherton and family.  
Mrs. R. A. Etter is making prepara-  
tions to move to Superior where she  
will make her home with her daughter,  
Mrs. Anna M. Royce.  
Mrs. Nellie Menzies and children are  
here from Rock Island, Ill., the guests  
of her sister, Mrs. Doug. Brown.  
Mrs. James Nee spent Sunday with  
her son, Frank Nee, at Leona.  
Miss Leta Weaver has returned  
from Geneva, Ill., where she spent a  
two weeks' vacation with relatives.

**OLD RESIDENT OF  
COUNTY SUMMONED**  
Mrs. Lucy Sawtelle, Who Has Lived  
in Rock Co. Since War Days,  
Died Saturday in Evans-  
ville.  
[Special to the Gazette.]  
Evansville, Aug. 22.—Mrs. Lucy  
Sawtelle died Saturday morning at  
nine fifteen o'clock at her home on  
church street. She had been in poor  
health for several years but had been  
seriously ill only a short time, her  
death being due to a stroke of para-  
lysis which she suffered a week ago.  
Mrs. Sawtelle, whose maiden name  
was Miss Lucy Biglow, was born in  
Weatherford, Vermont, in 1831. She  
came to Indiana, Wis., with her par-  
ents in 1845. On Dec. 25, 1862, she  
was married to Elhanan Sawtelle  
and the same year moved to a farm  
about four miles from here. They re-  
mained there for a time lived on the  
east side, but later moved to the  
home on church street, where she has  
resided for many years. She united  
with the Baptist church when she was  
fifteen years old and has always been  
a faithful devoted Christian. She is  
survived by one brother, Lucian Big-  
low of Brooklyn. The funeral will be  
held from the home Tuesday after-  
noon at half past two. Rev. J. L.  
Tabor officiating.  
**Le Baron Stevens.**  
A wedding of interest to many  
Evansville people took place in Evans-  
ville, Ill., Wednesday evening, Aug. 17,  
when Miss Mable Le Baron, daughter  
of Rev. and Mrs. Ira Le Baron was  
married to Virgil Ray Stevens, an in-  
structor in the University at Marshall  
Missouri. The bride was a resident  
of Evansville for several years and  
graduated from the high school with  
the class of 1925 and later graduated  
from Northwestern University and for  
the past two years has been teaching  
in Baker University at Baldwin, Kan-  
sas. The wedding which took place at  
eight thirty o'clock, was very pretty  
one. The bride was decorated  
throughout with palms and American  
flags. The bride was attended  
by her only sister, Miss Hossie Le  
Baron, as maid of honor, and Glenn  
Stevens, brother of the groom, was  
best man. The ceremony was per-  
formed in the presence of about forty  
guests. Mr. and Mrs. Stevens left  
immediately for their future home in  
Marshall, Mo. The bride is a niece of  
Mrs. M. L. Paulson of this city and  
with her husband have just returned  
from the wedding.  
**Royal Peables.**  
The remains of Royal Peables ac-  
companied by his parents, Mr. and  
Mrs. Gifford Peables arrived here  
from New Mexico, Sunday afternoon.  
The funeral services will be held  
Tuesday at three thirty o'clock in the  
First Baptist church. The Rev. Ellen  
A. Cobb, a former pastor, is expected  
from Ft. Atkinson to conduct the ser-  
vices.  
Many in Evansville will remember  
Miss Winifred Potter, who has fre-  
quently been a guest in this city at  
the home of her aunt, Mrs. George  
Mayer and will doubtless be inter-  
ested to learn that on Wednesday eve-  
ning, Aug. 17, she became the bride of  
Mr. La Verne Slick. The wedding  
occurred at six o'clock at the home  
of the bride's parents in Hanlock,  
Iowa. The groom is an attorney and  
resides in Dakota.  
Mr. and Mrs. John Whiston and  
daughter, Miss Lela, have returned  
from a pleasant visit with relatives at  
Delavan.  
Mr. and Mrs. Wm. Smith of Kings-  
ley, Iowa, are visiting at the home of  
her brother, Daniel Cowell.  
James Walker of Embu, Texas, has  
been here for a brief visit to Mr. and  
Mrs. E. E. Smith.  
A little son was born to Mr. and  
Mrs. Richard Hunt Wednesday, Aug.  
17.  
Mr. and Mrs. J. E. McCall and two  
children of Morrison, Ill., are guests  
at the home of their cousin, John  
Hilly. They will leave today for a vi-  
sit to relatives in Broadhead.  
Mr. and Mrs. R. J. McAlone have re-  
turned from a three months' sojourn  
with relatives in the east.  
Miss Della Fish visited relatives in  
Hudson last week.  
Mrs. Vaugh Partridge, nee Miss  
Ruth Pavlov of Indianapolis, Ind., is  
visiting her many Evansville friends.  
Mrs. V. A. Astell and daughter,  
Dorothy and her father, Edwin Win-  
ston, are visiting at Delavan.

phy of Oregon, Wis., are visiting  
Mrs. Frank More.  
Mrs. Anna Anderson and daughter,  
Ruth of Milwaukee, are visiting Mr.  
and Mrs. Paul Long.  
The L. M. B. S. will hold their next  
meeting with Mrs. Henry Kohn next  
Wednesday afternoon. Picnic supper  
will be served.  
Mrs. Geo. Knight of Chicago and  
Mrs. Garfield Hubbard of Deloit, vis-  
ited Mrs. Myrtle Lane Friday.  
Miss Ada Finch has returned home  
from Chicago.

**ATTORNEYS HIT

WITH JURY BRIBING.  
**DECLARE MONEY NOT STOLEN**  
Harahan and Drennan, Mentioned in  
Story, Deny They Put Up Money  
to Get "Big Dan" Coughlin  
Out of Country.  
Chicago, Aug. 22.—The first move  
on the part of the attorneys of Frank  
B. Harahan, Charles L. Ewing and  
John M. Taylor, who were arrested in  
connection with the \$1,500,000 Illinois  
Central graft scandal, was to charge  
the present officials of that road with  
being the central figures in the famous  
Coughlin jury bribery case and with  
putting up the money to get "Dan"  
Coughlin out of the country.  
The charges, accompanied by a  
wealth of detail, names of witnesses  
and the addresses of men interested  
in the case, were drawn up by attor-  
neys representing the former officials  
of the Illinois Central now under ar-  
rest, and forwarded to State's At-  
torney Wayman for grand jury investi-  
gation.  
**Not Stolen at All?**  
But the most significant feature of  
this move was the undeniable intima-  
tion that the defense of the men held  
responsible for the \$1,500,000 graft  
would be that this money, so far as  
they know, was not stolen at all.  
On the contrary, their lawyers will  
insist, much of it was used by the rail-  
road for improper and illegal pur-  
poses. It will be charged that much  
of the money was used to influence  
legislation and, as is charged in the  
notorious Coughlin case, to fix juries.  
Both President J. T. Harahan and  
John G. Drennan, district attorney for  
the railroad, who are named specifically  
in the charges drawn up and for-  
warded to the state's attorney by the  
lawyers, denied the new charges in  
great detail. Moreover, they denied  
that it would be possible to show that  
a single dollar of the road's money  
had been illegally expended to influ-  
ence legislation.  
**Declares It a Club.**  
On the other hand, the charges  
were answered by the assertion that  
this was a club to stop the prosecu-  
tion of the three former officials now  
under arrest. President Harahan told  
of a visit to his office of an embassy  
of the accused men several weeks ago,  
who made the offer that an effort  
would be made to stop the civil suits  
of the road, but "if efforts to put our  
clients in jail are persisted in we will  
show up this Coughlin case."  
"I simply told them to go ahead,"  
said Mr. Harahan, "I informed them  
that we were going ahead to prose-  
cute every one of the men who were  
guilty of this grafting."  
**History of the Case.**  
The new charges recall the famous  
Coughlin bribery case, in which "Big  
Dan," who served a term in the peni-  
tentiary for the Cronin murder, was  
indicted in 1922 as a jury fixer,  
Coughlin, along with John Lynch and  
William Armstrong, who were indicted  
with him, fled from the jurisdiction of  
the courts. Coughlin immediately left  
the country, his bonds, amounting to  
\$20,000, were forfeited, and, much to  
the surprise of everybody concerned,  
were paid in full by a saloonkeeper  
without a word of complaint.  
It then was charged that some "big  
capitalists" were putting up the money  
that helped Coughlin to escape, kept  
his wife in funds and paid the saloon-  
keeper. But no further light over was  
thrown on the inside of the transac-  
tion.  
**GAYNOR GAINS IN STRENGTH.**  
Wounded Mayor Takes a Few Steps—  
His Condition Excellent.  
New York, Aug. 22.—Only one bul-  
let wound was issued regarding the con-  
dition of the wounded mayor of New  
York, and it was as follows:  
"Mayor Gaynor is slowly gaining in  
strength. He sat up part of the day,  
has walked a few steps, has enjoyed  
reading, and is in very excellent con-  
dition."  
**EX-SENATOR CALL NEAR DEATH.**  
Former Florida Representative Is  
Dying in Washington Hospital.  
Washington, Aug. 22.—Former  
United States Senator Wilkinson Call  
of Florida was taken from his home  
here to Emergency hospital in an  
unconscious and apparently dying con-  
dition. He is seventy-six years old.  
**Spot Removers Meet in Chicago.**  
Chicago, Aug. 22.—Having been  
cleaned up for the Knights Templar  
and then further washed by several  
showers, Chicago was in its condition  
to entertain the third annual con-  
vention of the National Association of  
Dyers and Cleaners, which opened to-  
day in the La Salle hotel. C. W.  
Loughhead of Cincinnati presided over  
the business session that occupied  
the morning. The social program in-  
cludes a reception tonight, lake trip  
tomorrow evening, banquet Wednes-  
day night and automobile tour Thurs-  
day afternoon. Experts are conduct-  
ing public demonstrations of new  
processes of dyeing and cleaning.  
**Boys Burn to Death in Barn.**  
Marshalltown, Ia., Aug. 22.—While  
playing with matches in a hayloft  
Teddy Thurber, six years old, and  
Wayne Parle, eight years old, of Lis-  
comb, Ia., set the barn afire and both  
were burned to death.  
**Advocate Use of Goat's Milk.**  
Some authorities claim that a diet

## HALLEY'S FIZZLE.

Janesville people who arose early  
during the months of April and May  
to see Halley's comet and then sat  
up later the same month to witness  
it again in the evening, who trembled  
and feared the awful results when  
the earth passed through its tail, may  
be pleased to learn that some of the  
European scientists tell us now that  
it was not Halley's comet at all we  
saw but someone else's. In fact, the  
committee of the Astronomical and  
Astrological Society of America, which  
has been inquiring carefully into the  
personal conduct of Halley's comet  
during its recent trip has reported its  
inability so far to reach anything like  
a definite or satisfactory conclusion,  
and it asks for further time in which  
to examine the evidence. To the lay-  
man it may seem as if it might be the  
easiest matter imaginable to pass up-  
on the conduct of Halley's comet.  
What Halley's comet did and what  
Halley's comet did not do was plain  
to everybody. No astronomical or as-  
trological exhibition ever recorded  
was so gigantic and complete a fizzle  
and a disappointment. It was going  
to be a spectacle that would at once  
enrapture and amaze us; it turned out  
to be inferior in every respect to the  
phenomena that we are privileged to  
witness in the heavens on any clear  
night. It was going to sweep us with  
its tail; if it hit us at all, it got the  
worst of it. After the supposed col-  
lision with the earth it was to appear  
as an immense luminous body in the  
west; when searched for by telescopes  
capable of magnifying things count-  
less millions of miles away it was no-  
where to be found. It had apparently  
caromed on the earth and wandered  
off into one of the side pockets. When  
it emerged, instead of being a won-  
derful thing to gaze upon, it looked  
like a thin nebula that had been torn  
from the fringe of the milky way.

The committee on Halley's comet  
has now been sitting almost contin-  
uously since May 18 last. It confesses  
frankly that it has failed, but it asks  
for further time, and the com-  
mittee ought to have all the time it  
wants, even if it be necessary to post-  
pone the publication of its final report  
till Halley's comet comes around  
again.

In the light of the growing demand  
for better public art and morals it is  
to be hoped that the managers of the  
several political parties will lay their  
plans early to conduct this forthcom-  
ing national campaign on a high level

that will make it unnecessary to shut  
out the impending "1912 fight" from  
the motion picture show.

## THE REPUBLICAN CRISIS.

Politicians throughout the country  
are watching most anxiously the re-  
sult of the Wisconsin primaries. The  
selection of candidates loyal to Presi-  
dent Taft means much for the republi-  
can party throughout the country.  
Wisconsin is one of the last of the  
so-called insurgent states to hold pri-  
maries or state conventions this year,  
consequently its importance from a  
political viewpoint. The insurgency in  
the republican party at first took  
on a geographical phase. In its early  
stages it was embraced within the  
boundaries of Iowa, its principal ex-  
ponent being Governor, now Senator,  
Cummins. Gradually it began to  
spread until it took deep root in Wis-  
consin, finding its champion there in  
Senator La Follette. Kansas, one of  
the latest of the central states to feel  
the insurgent movement, has become  
one of the most radical among its ad-  
herents. And now California exhibits  
indications of being saturated with the  
progressive doctrines that have been  
at once the cause and the effect of the  
insurgent movement.

Thus far geographical conditions  
have had much to do with this growth.  
These have arisen naturally out of  
tariff considerations, and not the  
least among the many remarkable  
things noted in the progressive agita-  
tion is this: That while the east, and  
especially New England, has benefited  
more directly and more largely under  
our present customs system than any  
other section, and has not itself be-  
come insurgent, it has given aid and  
comfort to the enemies of the stand-  
ard policy in the west.

And now the republican party crisis  
is entering upon its personal stage.  
Leaders it has had from the very be-  
ginning. There is no doubt in any-  
body's mind as to the person to whom  
the insurgent movement has been and  
is today looking for direction. Na-  
merous attempts have been made to  
substitute another for him. President  
Taft has been offered and recommend-  
ed as a man who represents complete-  
ly the advanced views of his prede-  
cessor. His friends have repeatedly  
pleaded with the progressive element  
to be patient with the Taft adminis-  
tration, to view the Taft policies  
broadly, liberally, impartially, to ob-  
serve that on practically every impor-  
tant point they are carrying out, and  
are intended to carry out, if, perhaps,  
by different methods, the views en-  
tertained and expressed and put into  
practice by the preceding administration.

Up to the present time, apparently,  
these pleadings have proved futile.  
The personal element is forcing itself  
more and more determinedly upon the  
situation. Particularly among that  
large class that is swayed by emotion  
is there a disposition to rally for or  
against this or that person. Men are  
standing out already in a stronger  
light than issues. Policies are being  
overshadowed by persons. The call  
of patriotism is being drowned in the  
clamor for the retention or the recov-  
ery of position and power.

A crisis that demands the best  
republican party can offer in intelli-  
gence, prudence, political sagacity and  
love of country confronts that organi-  
zation. In a larger sense, the crisis  
is one that must be met by the whole  
people. Geography and personality  
must give way in the mind of right-  
thinking American citizenship to con-  
siderations of national welfare.

## EXIT THE GORE CHARGE.

The Milwaukee Free Press sums up  
the recent matter of bringing the  
name of Vice President Sherman into  
the investigation as to the sale of In-  
dian lands in Oklahoma in the follow-  
ing manner:  
"The congressional committee inves-  
tigating Indian land affairs has unani-  
mously passed a resolution that there  
is and was no warrant for any person  
to use the names of Vice President  
Sherman and Senator Charles S. Curtis  
in connection with any improper  
relation with any Indian contract  
whatever."  
"More interesting than this finding,  
which every sensible person expected,  
is an appended statement of Senator  
Gore, which has been made a part of  
the official record, in which he echoes  
the finding of the committee, deprecates  
the 'misuse' of the names in  
question but tries to justify his course  
in making those names public."  
"And Senator Gore not withheld a  
name which his inspectors demanded at  
the very hearing when he men-  
tioned the vice president and Senator  
Curtis, his plea of having been 're-  
quired' and 'obliged' to do so to divulge  
them might have some force. As it  
is, it will not serve to palliate a fault  
which was ruthlessly exploited by a  
conscienceless press, as he knew it  
would be."  
"That part of the press and that  
part of the public that were ready and  
willing to believe and foster the in-  
famous imputation because it lodged  
against partisan and factional op-  
ponents high in power may profit by  
the lesson, but we doubt it."  
"The tendency to fatten on suspi-  
cion and trade in reputations is a  
disease of the times and one of its  
symptoms is its insensibility to regret  
or shame."

Janesville is spending many thou-  
sands of dollars on their streets this  
summer and the aldermen of the dif-  
ferent wards are watching the work  
closely to see that it is done properly.  
The delay on South Main street has  
been unfortunate but it could not be  
helped and patience is needed and  
the street will soon be one of the  
handsomest in the city. The council  
has also decided upon voting for bonds  
for two bridges and this is up to the  
citizens. It is to be hoped the bridge  
question will carry and the necessary  
structures built. They are sadly need-  
ed and will do much to improve prop-  
erty throughout the city in general as

well as be a great convenience to re-  
sidents of four wards.

With the September primaries but  
two weeks away the coming days  
promise to be filled with hard work  
for the various candidates. For the  
state offices, Fairchild for governor,  
Hudnall for lieutenant governor, Me-  
lons for secretary of state, Howard  
for state treasurer, Cleary for insur-  
ance commissioner, and Burger for  
attorney general deserve the support  
of every loyal republican who believes  
in the principles of the party as set  
forth by the national republican party  
at their last convention.

Rock county should see to it that  
the county is represented by a strong  
delegation in the assembly. Whitford  
in the first, Fisher in the second, and  
Gault in the third will make a trio of  
members that would be hard to be  
beat by any other county. All are  
true republicans and all are men of  
true republicans and all are men of  
stability and thoroughly conversant  
with the important work of legisla-  
tion. Fisher has no opposition at the  
polls but Whitford and Gault have, and  
the voters of the first and third dis-  
tricts should see that they are nomi-  
nated.

Janesville has always been a good  
baseball town and the Commercial  
League, which is about to close its  
season, has been giving the citizens a  
good class of baseball on the Saturday  
afternoons during the summer. The  
Janesville city team that plays on  
Sunday furnishes amusement for the  
lovers of the sport on that day and is  
also worthy of support. As long as  
Janesville is not a member of any  
league these two aggregations should  
receive the support of citizens gener-  
ally.

There is nothing that encourages an  
alderman so much as to receive words  
of praise for his work in watching af-  
ter the city's interests. It is a thank-  
less job at best this being at the back  
and end of the various voters and  
like the farmer taking the donkey to  
market, he can not please every one,  
but encouragement goes a long way.

Edna Hanson is a man to whom  
the voters of Rock county can place  
the fullest confidence in. It is to be  
hoped his candidacy for the office of  
sheriff will be successful, for regard-  
less of any district feeling he is a  
strong man capable of handling the  
affairs of this office as they should be  
handled.

## Heart to Heart Talks.

By EDWIN A. NYE.

### THE COST OF WAR.

Ever see a battleship?  
There it swings at anchor, out in the  
harbor, a monster, hard iron fighting  
ship.  
Cost \$10,000,000!  
And in ten years that \$10,000,000  
war machine will be fit only for scrap  
iron.  
For in less than a year it is the limit.  
Figure the cost of the expensive en-  
gines of destruction aboard, the cost  
of ammunition for mere target prac-  
tice, the cost of the food, drink and  
clothing of the half regiment of the  
crew trained to kill men and destroy  
property.  
Figure the cost of the mountains of  
coal needed to move the monster. And  
of the wages for the men.  
Waste!  
When you have computed the tremen-  
dous cost of this war vessel multi-  
ply the sum by the number of war-  
ships maintained by our navy—and  
the maw of the world. And then—  
Supplement your calculation by a  
visit to one of our forts. Note the cost  
of the buildings, barracks, stables,  
drill halls, etc., etc. Put into your es-  
timate the cost of forage and food and  
wages paid the officers and men. Multi-  
ply the sum by the number of our  
forts, add the cost of our war depart-  
ment and then guess at the tremen-  
dous millions paid in Europe for land  
armaments.  
All this in times of peace!  
And why?  
Because civilization is slow in com-  
ing to the world. Because nations are  
prideful, brawlers rather than  
gentlemen!  
Do you say the war vessel and the  
drilling soldiers thrill you?  
Yes, because of the savage that re-  
mains in all of us.  
But, rightly viewed, all the pomp  
and circumstance of war is a pro-  
foundly and spectacle. Soldiers and  
cannon are the indices of an immature  
and groping world, groping slowly to-  
ward the day when the war drum  
throbs no longer.  
War is waste.  
It is waste of great treasure and  
precious human life. And as the na-  
tions build their Dreadnoughts and  
drill their troops they admit they are  
ages behind their own citizens, who  
get along without killing one another.  
However—  
Civilization grows, and the nations  
slowly are adopting arbitration. That  
white palace of peace at The Hague is  
an earnest of the time when the bat-  
tleships shall be furling.

### COMMONS CHILDREN WILL GO BACK TO CITY TUESDAY

Group of Thirty Who Have Been  
Guests of Household Club Will  
Be Taken to Chicago Homes.  
The thirty children of the Chicago  
commons who have been the guests of  
members of the Household Club of  
Janesville will return to Chicago to-  
morrow, leaving here at 10:30. Mrs.  
J. J. Day will have charge of the  
children on their return to the metro-  
polis.

## Uncle Walt THE POET PHILOSOPHER

By WALT MASON.  
(Copyright, 1909, by George Mat-  
thew Adams.)

Metaphysics I've been arrested about  
a thousand times, by peckers pigeon-  
checked, for divers grades of crimes;  
and often it has pained me  
LADY to note their lack of taste;  
POLICE sometimes they nearly  
brained me, by giving me  
a paste with lignum-vitae billy, or No.  
11 shoe; when they have knocked you  
silly, what can a mortal do? They  
will not brook discussion, your tears  
are no avail; they seem intent on  
rushing your system into jail. And  
now they say the ladies desire police-  
men's beats; the Myrtles and the  
Stables would guard the city streets.  
It is a scheme that checks me, a plan  
as smooth as peckers. The whiskered  
copper quivers me—produce the peb-  
bles! Smack! with ribboned billy, and  
sweet June her arm about me, and  
my little Willie, and gently run him  
in! I've worn out all sensation, and  
life is but a bore; but this new inno-  
vation makes me sit up some more.  
Ah me, to be arrested by love's girls  
in blue, bestrawed, and fully vested  
with power so to do! The holy cops  
—we need 'em! I'd rather be run in  
than have the boon of freedom, when  
once the girls begin!

## FOURTH QUARTERLY CONFERENCE WILL BE HELD THIS EVENING

Cargill Methodist Church Meeting  
Will Wind up the Business of the  
Church Year.  
This evening the Fourth Quarterly  
meeting of the Cargill Memorial  
church will be held at the church at  
seven thirty. The reports for the  
year will be given; officers elected for  
the coming year and other business.  
Rev. Williams has returned from his  
vacation and will occupy the pulpit of  
the church Sunday morning and even-  
ing next. The annual conference of  
the church will open its sessions at  
Edgerton on September 7.

## WEST PORTER.

West Porter, Aug. 20.—The recent  
rain has been a great benefit to crops.  
Corn and tobacco are looking fine and  
threshing is about finished in this  
neighborhood.  
Alfred Burnett has his new tobacco  
shed finished.  
Hans Hokenson, who has been  
sick for some time, is gaining slowly.  
Miss Letta Aebelson of Evansville is  
spending a few days at Philip Talbot's.  
A number from here attended an  
ice cream social at Joseph Porter's  
place Friday evening.  
Miss Etta Sperry has taken her de-  
parture for Minneapolis, Minn., where  
she expects to make her permanent  
home.  
There will be preaching at the Con-  
gregational church at Cooksville Sun-  
day afternoon at two o'clock.

## BROADHEAD.

Broadhead, Aug. 22.—Mr. and Mrs.  
Chas. Adelman went to Freeport on  
Saturday for a stay of a couple of  
weeks and to attend camp meeting.  
Mrs. P. L. Dordick left on Saturday  
to visit with her son, Hurley, for a few  
days.

PRESIDENT'S OFFICIAL POLITICAL ADVISER.  
Senator Winthrop Murray Crane of Massachusetts.

Beverly, Mass.—Senator Crane has  
been President Taft's official political  
adviser for but a few days, but during  
those few days he has made his influ-  
ence felt throughout the country by  
the revolutionary principles advocat-  
ed, both at Beverly and throughout  
the states, have been the result and  
no one of the political leaders is able  
to predict just where he stands with  
reference to the Taft administration.  
This quiet Massachusetts senator, who says little and does much, is not  
long years of experience in the upper  
house. It is just six years ago next  
October that he received his appoint-  
ment to the United States senate to  
fill the vacancy caused by the death  
of the late Hon. C. F. Hoar, but the  
president is evidently satisfied to rely  
upon Senator Crane to push such  
measures as he deems into law  
through the United States senate.

## The Jewelry for Summer Wear

It's the only thing of value that sets off the lingerie summer  
gown.  
It's the gold Belt Pin that sets off the summer waist, 75c to  
\$6.50.  
It's the smart, unusual ring that looks best in summer, \$2.50 to  
\$15.00.  
It's the Mesh Bag that's most appropriate for summer use, \$3.00  
to \$10.00.  
It takes the new Jabot Pins to make the immaculate shirt waist  
completely fashionable, 75c to \$3.00.  
And these are but seven of many suggestions you will receive  
in looking over our present display of jewelry for summer wear.  
If it's truly fashionable and full of quality you'll find it at Olin &  
Olson's at a price which can only be considered very reasonable.

## "You'll Succeed in Janesville."

Never was that slogan of ours more forcibly proven than in the case  
of one of Janesville's greatest and widest known industries—The Parker  
Pen Co.  
Do you know that Parker Pens can be purchased in practically every  
country on the face of the globe? Do you know that the Parker Pen Co.  
has a branch at Stuttgart, Germany, and that their name appears over the  
door? Do you know that this is but one of many foreign branches of this  
great Janesville institution?

Think of it, right here in our midst is a growing concern which makes  
and ships goods to such countries as China, Japan, Australia, New Zea-  
land, and to all parts of Europe, Africa and the Americas.  
A big Janesville industry that we should all be proud of a firm that  
receives such orders as the following extract from a letter written by  
a Manchester dealer, who says that he must have these pens "very quickly  
to fill the terrible demand for Parker Pens in Dalry."

## The Faucet Starts and Turns Off the Fire That Heats the Water

Without ever giving it a thought and without ever using  
a match you can have hot water in every room in your house.  
Water as hot as you want it—any temperature you desire  
—in any quantity from a shaving mug full to a thousand tubs  
full—any time of the day or night.  
Just the same as if Janesville's water works heated it and  
piped it to your faucets.  
You simply open a faucet and the running water starts  
the fire that changes it to hot water instantly.  
The wonderful AUTOMATIC APPLIANCE that makes  
this possible occupies but a square yard of floor space and can  
be set up in the basement or any out of the way corner.  
It is 20 years ahead of any other system.

## MARE KILLED AND RIG DEMOLISHED

In Upset Between Hanover and Afton Yesterday Property of E. E. Van Allen Livery.

"Nellie," a ten-year-old chestnut mare owned by the E. E. Van Allen Livery and valued at \$175, was killed in an upset near John Kennedy's farm, between Hanover and Afton, and seven miles southwest of here yesterday afternoon. It is alleged there were three occupants of the rig. Two of them are alleged to have been William Metcalf and Peter Tabbs and the third is said to have been Milo Panning. Tabbs sustained a bad cut about the face but the rest of the passengers appear to have escaped uninjured. One version of the affair is that the horse staggered and fell without warning, fracturing her skull as a result of the impact. Another is that the young men were racing a wagon load of people from a picnic ground and that while going at breakneck speed and trying to pass the other vehicle on the sloping edge of the road, the mare lost her footing. The traces in the road, the broken and mangled rig, the overturned buggy and the shattered rig, all pointed to substantiate the latter theory. Attorney Charles Fowler, at the request of the livery firm, went to the scene of the accident this afternoon to get full particulars. The young man who hired the horse did not notify the owners of what had happened and the first information they received came last evening in the form of a telephone message from a lady living in the neighborhood.

## JANESVILLE LOST TO A BELOIT NINE

Errors Cost Local Team Game With Beloit Nationals at Yost's Park Yesterday—City League Games.

By a combination of unfortunate circumstances, chiefly because of costly errors when Beloit could have been prevented from scoring, the Janesville team at Yost's park yesterday afternoon lost the game with the Beloit Nationals, 2 to 0. Bebe of the Rockford Wisconsin-Illinois League team pitched a fine game, considering that he had played the day before at Oconomowoc and allowed only five hits. He fanned six men while Hankin of the Nationals fanned five. The game in detail follows:

**City League Games.**  
In the Commercial league Saturday afternoon but one contest was pulled off, in which the Lewis Knitting company defeated the Y. M. C. A., 2 to 1. Abraham and Doran were the battery for the winners and Derleth and Fleming worked for the vanquished team. The Calorie company was forced to forfeit the game to the Parker Pen company because of a shortage of players.

### SALVATION ARMY CONTINUES ITS REVIVAL MEETINGS

Ten Conversions Made Thus Far by Evangelist Wolfe.

The revival at the Salvation Army continues with unabating interest. A splendid audience of thoughtful people listened to Evangelist Wolfe yesterday in the Army meetings as he presented the gospel truths in a most earnest and fearless manner. The meetings in many respects were the most successful of the series. The singing and the testimonies were most responsive and taken part in with a great deal of interest. At the close of the services five responded to the invitation in coming to the altar. The staff captain and his aids are enthusiastic in the confidence that lasting good is being accomplished, church members receiving more zeal and taking active part most enthusiastically for the betterment of the city of Janesville people. A few have thus far set out to lead better lives. Those being converted are of all classes of people, there being no lines drawn as to social standing. They meet on one level in service of the Creator. Their ages range from twelve to seventy years. The converts are attending the meetings nightly and by their happy mood and personal testimony they are showing faith, a changed heart and life, and in this active way they are influencing many into deep thought and also an interest in being taken by many of the unconverted. This was most impressively demonstrated in yesterday's services. The special song service was inspiring. Those of the citizens who are attending the services are not slow in recognizing the powers in the gospel singing.

Mr. McGovern is known as the fighting district attorney of Milwaukee county. His prosecutions for graft in that city have given him a national reputation. He is a splendid speaker, forceful, clear, logical, and holds the undivided attention of his audience until the last word. He is a typical representative of the progressive sentiment of Wisconsin. In case the weather will not permit of his speaking in the park, the speech will be delivered in the rink. No voice should miss this opportunity of hearing Mr. McGovern.

Francis E. McGovern, Republican candidate for governor, will address the citizens of Janesville and vicinity at the Court House Park on Thursday evening, Aug. 25th, commencing at 8 o'clock. ## CHAS. CRONIN WAS MARRIED THURSDAY

To Miss Margaret LeRoy of Beloit in St. Joseph's Church in the Line City.

At eight o'clock Thursday morning in St. Joseph's church, Beloit, Miss Margaret LeRoy of that city and Charles Cronin of Janesville, were united in marriage. Miss Mary Pearl acted as bridesmaid and Sam LeRoy, a brother of the bride was best man. The bride wore a gown of pink silk and the bridesmaid was attired in a dress of white embroidered lingerie. After the wedding a reception was held at the home of the bride's parents, about eighty-five guests being present at the wedding and reception. Miss Marie Merlow played the wedding march as the guests seated themselves at the tables. They left immediately for a trip in the east.

## FORTY YEARS AGO

Janesville Daily Gazette, August 22, 1870.—Police Court.—Saturday evening a pitched battle occurred between a husband, his wife and wife's sister. The "merry-go-round" in the street, broken heads, black eyes, a walk to jail, and an appearance before the police court this morning.

Two boys, about eight o'clock last evening, attempted to help themselves to some watermelons, growing on the "wheel" place, in the second ward, but just as they were in the net of plucking a fine melon, one of the boys was ruthlessly seized by the collar and politely informed that he would be required to answer before the police court, and was lodged in jail. The other boy was waited upon at an early hour this morning, and safely lodged in jail with his companion. Both were brought before the police court today, found guilty and fined.

Jailings.—Mr. Josiah Spaulding was hauled at Pierpont, N. H., last Wednesday. On the 11th of the month, which came near being of serious importance. About one-half of the new portion of the cemetery, some eight acres, was burned over, destroying the grass and numerous evergreens of three years' growth. The bell recently put over the gateway, was sounded, bringing out the people who resided near the cemetery, and by their efforts the flames were subdued. Dr. Mitchell is fitting up a large dancing hall in his new block on the west side. Our Presbyterian devotees will rejoice the front. Mr. J. A. Donahue is to be the caterer of the establishment.

## CLINTON BOY HIT ON HEAD WITH AN AX

Clinton, Aug. 22.—Master Albert Kopfler had a very narrow escape from what might have proved a serious if not fatal injury. He was standing in front of Fred Miller's watch shop when the ax flew off the handle hitting Albert in the head and inflicting a very severe wound which required the services of a physician to dress. That he was not more seriously hurt is little short of a miracle.

Charles Gault and Master George Smith of Beloit drove up from Beloit Saturday night.

Fred Miller of Milwaukee came on Saturday night to join his wife and children here to visit relatives and friends.

Miss Ada Raven, who has been visiting her brother here for several weeks, returned to her home in Michigan today.

Mr. and Mrs. C. P. Drake and Mrs. McCann, returned last evening from their cottage at Delavan Lake.

Born to Judge and Mrs. D. T. Homer a fine boy yesterday.

Mrs. Amelia Peterson and daughter spent Sunday in Rockford.

Mrs. M. A. Farrington of Chicago mother of Mrs. Carl M. Treat, is spending the summer with Mrs. Russell of Cross street.

William Wright and son of Shirland, Ill., were here Saturday calling on old friends and neighbors. He reports Mrs. Wright and children as in very poor health.

Mrs. Clyde McGee and daughter, left this morning to join her husband at Farrington, Mich., for a three weeks' visit.

## SAFEGUARD OF ALL FREEDOM

Without Liberty of the Press the World Would Return to Its Old Barbarism.

The liberty of the press is the highest safeguard of all free government. Ours could not exist without it. It is like a great, exulting and abounding river. It is fed by the dews of heaven which distill their sweetest drops to form it. It gushes from the rifts as it breaks from the deep caverns of the earth. It is augmented by a thousand affluents that dash from the mountain top to separate again into a thousand bounteous and irrigating streams around.

On its broad bosom it bears a thousand bark. There genius spreads its purpling sail. There poetry dips its silver oar. There art, invention, discovery, science, morality, religion may safely and securely float. It wanders through every land. It has a genial, cordial source of thought and inspiration wherever it touches, whatever it surrounds. Upon its borders there grows every flower of grace and every fruit of truth.

Sometimes that river oversteps its bounds. Sometimes that stream becomes a dangerous torrent and destroys towns and cities upon its banks. But without it, civilization, humanity, government—all that makes society itself—would disappear and the world would return to its ancient barbarism. —Edward D. Baker.

Clinton, Aug. 22.—G. A. Snyder is again very low and his chances for recovery are again slim. He was improving steadily but he had a relapse. Mrs. E. G. Snyder's sister, who has been visiting her for the past two weeks, returned to her home at Toronto, Canada, yesterday. Mrs. Emanuel Belknap and son, Stanley of Rockford, attended the funeral of her brother-in-law, Paul Benson. Mrs. Dean is very poorly, being confined to her bed now. P. P. Smalley of Beloit, candidate for Register of Deeds, was in town yesterday. C. R. Crabb was in Beloit yesterday having his auto repaired. John Lauman returned from Milwaukee last evening. Mrs. E. M. Barnes went to Rockford yesterday returning in the evening to Beloit, where she spent the night. Five new members were obligated in the E. F. U. last evening. Mrs. E. B. Kizer and children, returned this morning from a week's visit at Pontiac, Ill. A Sunshine Fellowship Balm, high purity, goodness and gladness, increased each other.

Hardly Deserves to Recover. A young servant of Oremont, near St. Etienne, France, made a foolish bet that he would drink a glass of wine and then swallow the glass as well. He broke the glass into small pieces, and swallowed the greater part of the fragments. He is now lying in the hospital, and is not expected to recover. Model Husband. The more polite a man takes in his wife's good looks and the greater his unconsciousness of his own the better husband he makes.—Chicago Inter Ocean.

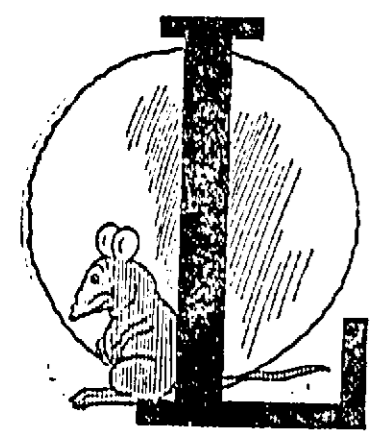

Manufacture of Sandpaper. Old-fashioned sandpaper was made with selected sand—hence the name. What is known as sandpaper now is all made with crushed glass and is really much better than the old-time product. Old bottles, etc., are first crushed and then ground, and the various grades of fineness are secured by sifting. To get the powder on the paper hot glue is applied as it passes through a machine and the powdered glass is sifted on at the same time. Then a wooden roller passes over the sheet and presses down and smooths the sand.

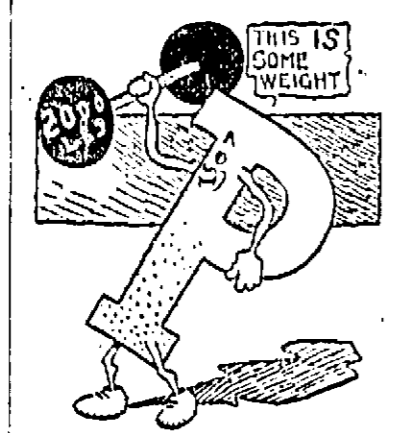

### VACATION.

To wander where the scented breeze is blowing,  
To loiter where the pebbly stream is flowing—  
That's vacation.  
To count the cost of it and feel a sorrow,  
To call up a friend and make a borrow—  
That's the day after.

Find a friend.

Something to amuse baby.

What part of an engine.

Cordial Greeting. "One of my acquaintances is much interested in the Chagrin Falls Hunt club, and is an outlook at most of the functions of that organization," said Ward Jackson to the Cleveland Leader. "The other night he said to me, with some show of enthusiasm, that gradually he was getting acquainted with the club members. 'Why, Dan Hanna came right up and spoke to me today,' he said, exultantly. 'Is that so?' I replied. 'What did he say to you?' He said, 'Don't get too near that horse there or he'll kick your darned head off.'"

Great Wisconsin Land Opening

150,000 Acres in Sawyer County, Wisconsin, Released for Settlement.

\$5.50 to \$20 Per Acre and Easy Terms.

Yielding to the urgent and increasing demands of home-sellers, the lumber interests have at last released for settlement an enormous acreage of rich undeveloped land in the heart of Wisconsin's great timber and big crop-producing section. The American Lumbering Company of Chicago, Inc., has secured this great body of land and is offering remarkable advantages to settlers and investors. The land is equal in productive power to land that commands \$100 to \$200 per acre in Iowa, Illinois, Indiana or Ohio. The company is selling off this land at the remarkably low valuation of \$5.50 to \$20 per acre.

The terms are one-fourth to one-third cash and the balance in ten years.

This is an opportunity unparalleled in recent years. A man with a few hundred dollars and a determination to win can get one of these splendid farms and be independent in a few years. There is timber to be cleared away, but much of it is valuable hardwood, which can be turned into money at the lumber sawmills.

The timber can thus be used to pay for the land and provide timber for farm buildings and fences.

Settlers in the Round Lake Country have the advantage of good markets, railroad facilities, telephone and mail service, schools, churches and good neighbors. It is a country of abundant rainfall and the best of water.

Hundreds are headed for the Round Lake Country, Sawyer County, determined to get a fresh start in a new country, where every man has a "ground floor opportunity."

Free books, maps and full information regarding the great development plans now under way, can be secured by addressing the local representative of the American Lumbering Company.

## BABY PLANETS NUMEROUS

Asteroids, All Moving in Orbits Between Those of Mars and Jupiter. Number 659.

It is related that when the one hundredth asteroid, or minor planet, was discovered, many years ago, certain astronomers organized a celebration of the event and that while the solemnities were in preparation two or three more asteroids were picked out in the sky by the diligent observers.

These bodies, so far as recognized and officially named, now number 659. They all move in orbits between those of Mars and Jupiter and may be either the debris of a ruined planet or the results of an abortive attempt of nature to form a planet.

The development of astronomical photography has added large numbers of these minor planets to our lists. In the Harvard observatory at Arequipa, Peru, sixty-four separate asteroids were photographed between 1898 and 1901, and forty-seven of these were new discoveries.

As may be imagined, the number of these bodies is now so large that it is a difficult matter to tell whether one of them is new or is to be identified with a previous discovery. In several instances mistakes of this kind already have been made. The swarm of planets is a numerous one, and it has become a kind of astronomical sport to pursue them and pick them out.

As instruments become more powerful and methods more delicate the smaller bodies of the group will be detected one by one and added to our charts. The exact value of such discoveries to the science of astronomy, however, is somewhat problematical.

## 105 MEN DIE IN THE FLAMES

REPORTED GREAT LOSS OF LIFE IN COEUR D'ALENE COUNTRY.

Third of Wallace, Idaho, Is Burned—Wire Communication Cut Off—Newport, Wash., Is Burning—Troops Fighting Fires.

Spokane, Wash., Aug. 22.—It is reported that one hundred men who have been fighting fires in the canyons near Wallace, Idaho, have lost their lives. Five citizens are known to have been burned to death in their homes as a result of forest fires in the Coeur d'Alene country.

Third of Wallace Gone.

More than a third of Wallace is burned. The Pacific, Michigan and Coeur d'Alene hotels, two O. R. & N. depots, a big hardware warehouse and 150 to 200 residences are destroyed. The town is almost dark by day and the heavens and surrounding country a seething mass of fire.

As the fire spread and the heat is tremendous. Telegraphic communication is cut off for a time, but the fire fighters believe they have the fire in the city under control.

The loss will reach over \$1,500,000. Should the 40-mile gale now sweeping over the Coeur d'Alene shift to the north the business portion of Wallace, now thought safe, will be doomed to destruction.

The Province hospital, filled with patients, is believed safe, although only a hill separates it from the burning district.

The most dangerous fires are now scattered over territory 100 miles east and north of Spokane. The Northern Pacific, O. R. & N. and the Spokane electric lines are running extra trains to suffering districts.

Mayor Pratt of Spokane has received a distress call from Mullin and Wallace appealing for 25 trained nurses, doctors and other aid. Twenty badly burned persons were brought from Mullin. The fire fighters and nurses now on the scene are utterly exhausted. During the last few days the fire fighters have been exploding dynamite from limbs of tall trees with a hope of shaking the clouds and invoking rain. This proved successful in one place for a short time, but insufficient rain fell to quench the vast fires.

Newport, Wash., Burning.

Newport, Wash., a town of 2,000, is burning, but the loss of life is as yet unknown. Cries for help are being answered as rapidly as relief parties can be made up. All available soldiers in this part of the country are pressed into service. The latest reports are that the loss in the town of Wallace alone is more than a half million.

Latest unconfirmed reports say that a crew of fire fighters in the Wallace district, in the heart of Coeur d'Alene, are surrounded by flames, cut off from provisions, and are seeking safety in the beds of the creeks and rivers.

Flat Head Country Ablaze.

The fire situation in Montana tonight is the worst in the history of the state. The latest reports from the Flat Head country before communication was cut off was to the effect that the situation was well beyond hope, that new fires had broken out and that the fire fighters were absolutely unable to cope with the situation. The Bitter Root Valley fires have also assumed renewed vigor. The town of Libby is surrounded by flames and the situation is critical.

Enoka is also reported surrounded, while the fires at Avon have broken out afresh.

PLOT TO DESTROY BIG LINER.

Discovery Made Just Before Sailing Saves Probable Destruction.

New York, Aug. 22.—The discovery a few hours before the time set for the sailing of the Russian liner Litva of a can of gunpowder in the hold of the vessel has been believed to have forestalled a scheme for the destruction of the vessel at sea. The Litva carries more than 100 passengers and a large cargo.

The can containing one and one-half pounds of gunpowder had been almost scooped up by the great shovels when a workman saw it.

Copper Magnate and Bernice Henderson Will Be Married This Week.

New York, Aug. 22.—F. Augustus Heinze and Miss Bernice Henderson, who succeeded Kathryn Kaeland in the role of the Vampire in "A Fool There Was," are to be married before the close of the present week.

This fact was smilingly admitted by Mr. Heinze.

Pope Honors an American.

Rome, Aug. 22.—The pope has appointed John J. McGraw of New York a knight commander of the Order of St. Gregory. This gives him special privileges, such as occupying a distinguished post at papal functions and ceremonies.

Two Killed When Auto Skids.

New York, Aug. 22.—Two men are dead and three are seriously injured as the result of an automobile accident near New Rochelle. When the driver attempted to turn a sharp corner the wheels slipped in the dust and the car crashed into the curb.

"Mr. Grimes," said the rector to the vestryman, "we had better take up the collection before the sermon this morning."

"Indeed?"

"Yes, I'm going to preach on the subject of economy."

GOOD REASON.

For thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills, and at least given this medicine a trial. Proof is abundant that it has cured thousands of others, and why should it not cure you?

If you want special advice write Mrs. E. Pinkham, Lynn, Mass., for it. It is free and always helpful.

He tried to analyze their situation more clearly, to throw new light on his duty. The clerk must all have gone by now. There would be a visit or two from a night watchman, perhaps, but there was scarcely any chance in a hundred that he would unbolt the door.

The air was vibrating rapidly; they could not both live through the night. But if she loved him as he loved her, she would be happy to die with him than to live at the cost of his life.

He pictured to himself again that first look of her face; its beauty, its strength, its sweet sympathy. He seemed to see the stray wisp of hair that had found its way down upon her

neck. "If for perfect lips—how well he remembered!—were the unopened buds of pure womanly passion.

After all, whether she loved him or not, there would still be much in life for her.

Time would cure her sorrow. There would be many claims upon her, and she would sooner or later resume her normal activities.

Slowly he disengaged his hand from her clinging fingers. In his other hand he still held his pocketknife. To open a vein in his wrist would take but a moment. His life would well away, there on the floor.

She would think he was asleep; and then she herself would drift away into unconsciousness which would be broken only after the door was opened in the morning.

But! His mind cleared in a flash. What a fool he was! Need he doubt her for an instant? Need he question what she would do when she found that he was dead? And she would know it quickly. This living pulsing girl beside him loved him! She had told him in every way except in words. In life and in death they belonged to each other.

They were one forever. They still lived, and while they lived they must hope. And if he hoped, there still would be love.

His pent-up emotions broke restraint. With unthinking swiftness, he threw his arm over her and drew her tight to him. His lips found hers in a long kiss—hung in ecstasy for another, and another.

Her arms went about his neck. He felt as though her soul had passed from her lips to his own.

"My lover!" she whispered. "I think I have always cared."

"Oh, girl, girl!" He could utter no more.

With a faint sigh she said: "I am glad it is to be together." She sat up, still holding his hand. "If it need be at all," she added, a new firmness in her voice.

"If it need be at all!" Orme searched his mind again for some promise of escape from this prison which had been so suddenly glorified for them. The smooth, unbreakable walls; the thin seam of the door; the thermometer. Why had he not thought of it before? The thermometer!

With an exclamation, he leaped to his feet.

"What is it?" she cried.

"A chance! A small chance—but still a chance!"

He found his way to the handle of the door, which his first attempt at escape had taught him was not connected with the outer knob. Then he located the covering which protected the ends of the thermometer.

Striking with his heel, he tried to break the metal grating. It would not yield. Again and again he threw his weight into the blows, but without effect.

At last he remembered his pocket-knife. Thrusting one end of it through

the door, he tried to lever it open.

"How did you come to be in there?" the clerk demanded.

Orme hesitated; then he decided to make no charges. "I got rid of that crazy fellow who was following me around," he said, "and I came back, and this young lady and I went in to examine your refrigerator. The door was ajar, and some one pushed it shut and locked it. We should have smothered if you had not come."

"It was the merest chance," said the clerk. "My work kept me late. As I was leaving, I happened to glance at the thermometer dial here. It registered below freezing. I couldn't understand that, for there is no ice in the refrigerator, so I opened the door to see."

"I broke the coil," explained Orme, "in the hope that the night watchman might be interested in the dial."

"Well," said the clerk, drawing a long breath, "you had a close shave. There isn't any night watchman—at least not in this office. If I had balanced my books on time today, you two would have stayed where you were until tomorrow morning."

"I will come in tomorrow to see Mr. Wallingham and explain everything. I will pay for a new thermometer, too, if he will let me."

"I don't think he will let you do that," said the clerk. "He will be grateful that nothing worse happened."

To be continued.

## WHY WOMEN GROW OLD EARLY

Through a Mistaken Idea of Duty She Permits Her Life to Become a Treadmill.

Why do some women grow old and others keep the secret of perpetual youth? Here is one answer:

One reason why the average woman wears out, grows plain before her husband, is that, through a mistaken idea of duty, she lays out for herself at the beginning of her married life, a scheme or plan of duty and employment for her time, every hour filled with work, with rare and short periods of relaxation.

This she follows religiously for years, feeling that she has done her duty, because every household event occurs regularly and on time, while she soon becomes more a machine, a thing without life of itself or volition. She settles into a rut, and goes round and round on the same track over and over.

Can any woman keep brightness, originality of thought or speech, or even mere prettiness with such a life? And without those things how can she keep her husband and growing children full of loving admiration, which is the strong chain by which she can bind them to her? How bright and jolly the neighbor's wife seems when she calls. In blue cases out of ten it is because the surroundings and talk of her home are variety to her, and rouse her to originality and brightness of speech.

Cultivate a broad attitude toward the world and its people. Let your interests be far-reaching, and there will be renewed vigor when it comes to solve the problems of the home.

## This One Is On Me.

A man in a mellow condition went into a barber shop and seated himself in one of the chairs. "What's your pleasure, sir?" asked the polite barber. "O, er—give me a haircut—and have one yourself."—Literary Digest.

Kansas City, Mo.—Jack Cudahy, son of Michael Cudahy, millionaire Chicago pork packer, is preparing to sue for divorce and the custody of his four children. Mr. Cudahy is living at the Hotel Baltimore.

Mrs. Jack Cudahy, who is living with the four children in the Cudahy home at 101 East Thirty-sixth street, will fight the case to a finish. Mrs. Cudahy declares that she would almost as soon lose her life as lose her children, and she is preparing to file counter charges against her husband if the petition for divorce is filed against her.

It is known that for some time Cudahy has been getting evidence

upon which to base his suit for divorce, although all his efforts have been secret.

Different chauffeurs, who have had occasion to know of Mrs. Cudahy's movements, have been approached by Cudahy, and others, whose testimony might aid him in securing the separation, have been sought.

Mrs. Cudahy, who is ill at the Cudahy mansion, today talked but little of the impending proceedings, except to say that she did not believe such a proceeding was contemplated.

Intimate friends of Mr. Cudahy say the principal reason for his action for divorce is the sensational affair in which Jere P. Little, banker, figured at the Cudahy home some time ago.

## The Tunnel Mouse

WHAT'S the matter, friend?"

The mummy looked up surprised, and stopped eating the seven-thousand-year-old honey over which he had been smacking his dry and dusty lips. "Crying for some honey? Here, help yourself."

But the Davymouse went on crying softly. "No, I guess not—I want to go home! I haven't seen Dorfy since night before last, when they wrapped us up—and that seems a thousand years ago!"

"A thousand years? Huh, that's nothing! Wait till you're as old as I am! Now I was born just about seventeen thousand years ago!"

"I don't want to wait till I'm as old as you are," wailed the Davymouse. "I want to go home! Can't you find some way to take me home? Can't we tunnel our way through?"

The mummy stared at him, then began to laugh. "By the rags that wound me! If you haven't just hit on the very idea!" And he gave himself a twist, stood on his head, and began to spin around on the sandy floor like a gnat.

Soon he had bored a hole and disappeared, and the Davymouse shut both eyes and jumped in after him. The mummy was whirling very fast now, and the sand flew past them in

the swiftly growing tunnel in a stinging cloud. And soon the Davymouse found himself whirling, too—his head coming hard up against the sand and rocks ahead. Where was the mummy?

It was still night in Doverville when the Tunnel Mouse's tired head pushed up through the sod like the end of a gimlet coming up through the floor of a kitchen. Straight up into the air he popped, still whirling—then fell senseless on old Professor Peabody's lawn!

When he came to himself, he was surrounded by familiar faces. Dorfy was pouring cool water over his forehead, feathers under his nose. Tebbly bear was licking his paw, and Willy Whisking-mouse was gently stroking his long tail. He raised his head and looked feebly around.

"Where's Mr. Mummy?" he asked. "Oh, yes—I remember—he went to pieces in the tunnel, or something. I—I'm a tunnel mouse, you know."

"Change him, quick—I want my twin! Change him back!" whispered Dorfy. The Ticklemouse smiled, waved his hand—and her own little brother stood before her, too happy to do anything but just smile and kiss her and be glad he was back.

"Now see," said the Ticklemouse at last, "will you just hustle ourselves out of this before Professor Peabody wakes up and finds his mummy's gone. Old Mr. Mummy, you see, whizzed around so fast in that precious tunnel of his, he just went up in smoke!"

The Davymouse smelled a strange smell, as of old rags burning, and then whirled on into the hard earth, harder and hotter the farther he went—till he forgot the mummy and Egypt and everything else. He was just a tunnel mouse, now!

## A Little Talk About Rugs

The rug subject is an interesting one to most people at any time and particularly so to a good many between now and house cleaning time.

**All the Very Newest Fall Designs in Rugs in Leading Makes Have Been Received By The Big Store and Are Here For Your Inspection**

There is quite an advantage in buying now owing to the completeness of our assortment of different makes and sizes. People realize this and since we made an announcement a few weeks ago that our fall stock was in readiness we have enjoyed a very satisfactory sale, gradually increasing as fall draws nigh.

In this part of the country there are few larger or better arranged carpet departments. We have a flood of light at all times even on dark days. It is a pleasure to buy floor coverings amidst such surroundings. Prices must be right and when we prove that we are underselling Chicago houses, giving exactly the same makes of rugs, the reason is plain why we turn over such immense quantities of rugs in a year, thus insuring lower prices than the average merchant can buy them for and the exclusive sale in many instances.

Our initial orders for fall floor coverings represent an investment of \$10,000 to \$15,000 and we are re-ordering constantly. The trade have learned quite effectually where to come for rugs.

**SOMETHING NEW THIS SEASON IN THE AXMINSTER** is the seraband, a design entirely new in the Axminster weave. The rich old colorings and oriental figures are produced very effectively in these Axminsters and they offer probably the best selection of Axminster ever shown.

**IN THE BRUSSELS RUGS** we are showing Cassimere, Kabistans and Serapi designs in exquisite colorings, something never before attempted in popular priced Rugs. We are making a leader of these beautiful Brussels rugs and have priced them in the 9x12 size at \$12.50 and up.

We also have a big line of the **FAMOUS WHITTALL RUGS**: The name "Whittall" woven in the back of a rug or carpet is a mark of "quality," of lasting color and textile and of business integrity. Whittall yarns are all bought from Persia and the Himalaya mountains. All wool used in Whittall rugs is the same as in the finest Persian. They are the finest rugs and carpets that America produces. They were the finest last year, are the finest today and will be next year because the Whittall Mills know no cessation of effort.

All Whittall designs are copies of the best loved sorts of Oriental rugs, in the soft subdued tones with that rich lasting effect. The Whittall Mills make five Ultra fine groups of rugs. We carry these in stock and just now, the new ones for fall have the center of the stage.

**WHITTALL ANGLO PERSIAN RUGS**  
The rival of the imported rugs. The synacure of all domestic rugs.

## WHITTALL ANGLO INDIAN RUG

Second only to the Anglo Persian.

## WHITTALL ROYAL WORCESTER RUG.

The criterion for popular priced standard Wilton rugs.

## WHITTALL CHILIDEMA BODY BRUSSEL RUG.

The only 6 frame body Brussel rug made in America and the most durable of all Brussels rugs.

## WHITTALL PEERLESS BRUSSELS RUG THE WINNER

The best popular priced 5 frame rug and superlative to all popular priced Brussels rugs.

In addition to the above we have just received immense quantities of the Seamless Velvet Rugs in various room sizes.

The new Wilton rugs can also be seen in the very latest styles. They come with plain centers with pretty tone borders, and are shown in the newest colorings.

## OTHER FAMOUS WHITTALLS

THE SAVALAN BURT WORTH  
BIGLOW HARTFORD  
BAGDAD DOBSON

These are also shown in the latest colorings and designs for fall and the prices are well worthy of your attention.

If you will need a rug or carpet later on, we would suggest that you make your selections before season opens. At no time of the year can our stock be found so complete in all the newest and latest colorings as right now.

# PURITY AND QUALITY TALKS PASTEURIZED MILK

Your confidence in our Pasteurized Milk is of greatest importance to us. We already have the confidence and patronage of over 50% of the Janesville homes, and are equipped to supply many more.

This is due to the purity and superior quality of our milk; the cleanliness of its production and handling from its source to your table.

If it is good for half the homes, it stands to reason it is good for a great many more.

The Janesville Pure Milk Co. is a responsible firm, realizing the absolute necessity of clean, pure milk. Produced, bottled and delivered under sanitary conditions, the same as those used by all the better milk dealers in the United States.

Our station is open to daylight throughout, no dark corners; you can inspect it any time. Time and effort is generously expended in keeping it sanitary.

The mechanical equipment, consisting of an up-to-date three-stage pasteurizer, a bottler and sealer, is thoroughly cleaned and sterilized with hot water and live steam immediately after the milk is bottled.

An important improvement is the mechanical bottle washer and sterilizer, clean water and live steam cleansing and sterilizing the bottles in a short time.

The best milk is never too good. We maintain a high standard of purity, not just because the law requires it, but for business reasons as well.

The pasteurizing of our clean, pure milk should be the strongest incentive for its use, for both drink and food, by your family as well as your neighbors.

Pasteurization frees the milk from all impurities that it may contain while in the raw state, making it perfectly safe for all users by all people, especially babies and small children. It means health protection to your family, which always demands your serious consideration.

You cannot afford to run a single risk by not using our Pasteurized Milk. Send us your order and be on the safe side.
